

"TELL MY FRIENDS TO BE BRAVE AND FEARLESS. AND LOYAL TO THE GREAT COMMON PEOPLE."

POSSOM HOLLER (LEVEL GREEN.)

EDITOR SIGNAL: The time has sped along until it has been some time since I wrote to you; and as I have not seen my name in the paper only when I write, I will be after writin' agin.

It is cool in the Holler now which is a sign of cold weather in higher latitudes. Strange aint it that we had pleasant weather till winter was haff out or more and then get so cold. Will some flosser explain why it is thus; we all know the sun runs much higher and the days are much longer, yet it is much colder. I can only account for it through the Ground Hog, and as I have not had him in consultation yet, I remain unposted.

Since my last writing the previously announced debate between Rev. McNamara, of the M. E. church, and Elder Davis, of the Church of Christ materialized. The subject: Affirmed (by Davis) "That the M. E. Discipline teaches doctrines and practices of usages unauthorized by the Bible," was discussed pro. and con. for three days; but I believe neither man made any converts from the other side, and can not say that much good, in any way, resulted from the meeting, although looking at it through the eye of a Campbellite I could not hesitate in saying "Davis certainly established his position by the best of authority—the Word of God," but were I a disciple of John Wesley I might take a different view of the matter, for yose know very little evidence will make some people see certain things and especially when they start in determined to see nothing else.

R. L. Brown spent a few days at home last week and while here joined our Tent of Maccabees; this accession gives us enough to obtain a charter.

Two of the children of the late Rev. C. D. Burnett, dec'd, were conveyed to the M. O. H. by the Master of Woodstock Lodge on the 16th inst.

Rev. Burnett was a charter member of the above named lodge.

Now I have seen nothing of my candidacy in your paper since I last writ, and you know Ed, I want to keep this fact continually before my constituents, in order to beat them there fellers that's a fustsin' over it. Now you know that when Repubs fight each other they ort to be beat, (I believe they ort to any way) and if enuff ov the voters of Rockcastle will help me we wont leave root nor branch, hair nor bristle ov them. Sun peepil air fule enuff to think I can't git a sustificate, but wait an see.

Corn has raised to 50c, hogs (shoats) 4 to 4 1/4c. Plenty of cattle feed cheap.

John W. Wesley Kirby, a prospective candidate for assessor and one of my pupils, says some one has reported that he voted for Goebel for Governor, which report he denounces as false and malicious, and says that it was circulated for the sole purpose of injuring him in his race.

Now as for me, fellow-citizens, I voted for Goebel, but I do hope none of you will vote against me on that account, for I have done politically worse! In my life I've voted for a few Republicans and if I feel so disposed, I'll do so agin.

Prof. Morrison will teach a class in short methods in mathematics at this place beginning March 4th, and continuing five days.

A HORRIBLE OUTBREAK

"Of large sores on my little daughter's head, developed into a case of scald head" writes C. D. Isbill of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at all Druggists.

TWICE PROVEN.

From the Vindicator, Rutherfordton, N. C. The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. WHAT ONE OF THE STUDENTS THINKS OF THE COLLEGE.

Mr. Editor, of the Mt. Vernon Signal: As my father has always been a friend to the editor and his valuable paper, and as we, the school children have read your paper until we think it is one of the text books in our home, I hope you will give me a little space to relate to the children at home, and to my schoolmates at Broadhead my opinion of the new school at Mt. Vernon, that I have recently entered, (viz.) Mt. Vernon Collegiate Institute.

In the first place I want to say that Mt. Vernon is a beautiful little town, located on the L. & N. R. R. It has some magnificent brick buildings completed and others going up, and the town seems to be on a boom, and all its citizens seem to be friends of the Institute, that is auspiciously run by Prof. Ewers, who is not only taking great interest in educating his pupils in the text books, but he manifests a great interest in their moral training, as well.

We are taught the Word of God, and are required to go through an examination in the Word of God, and are graded in the Bible as well as our text books.

We have a good corps of teachers, and now, after a six-week's stay at Mt. Vernon, and attending school every day, we can say to the young men and women of our country, who feel an interest in getting an education, that they can not do better than to come to our school at Mt. Vernon. If you want an education this is the place to come, and if you want to teach, you can be better equipped for your work by coming and spending a few months with us, for the last month of this term will be given especially to this line of work.

We now have three pupils from Broadhead and are looking for more soon. So come on, girls and boys, we will be glad to see you, and our teachers will do you good.

We do hope that Miss Delpha Collyer, our school-mate who entered school with us, but was compelled to drop out for a few weeks on account of her mother being sick, will get to return soon, for Miss Delpha was a studious pupil and we miss her so much. So Delpha come back, just as soon as you can. We will all be glad to see you, and especially will the writer. Respectfully, (Miss) AMY PIKE.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Gree, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by all Druggists.

A GOOD COUGH MEDICINE FOR CHILDREN.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well-known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug." Sold by Theo Wesley Druggist.

Mrs. C. E. VanDeusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at Theo Wesley's drug store. Price, 25 cents. Samples free.

AN HONEST MEDICINE FOR LA GRIPPE.

George W. Waitt, of South Gardiner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by Theo Wesley Druggist.

THROAT REST

You can cough yourself into bronchitis, pneumonia, and consumption. Bandaging and bundling your throat will do no good. You must give your throat and lungs rest and allow the cough wounds to heal. There is nothing so bad for a cough as coughing. Stop it by using

AYER'S Cherry Pectoral

Even the cough of early consumption is cured. And, later on, when the disease is firmly fixed, you can bring rest and comfort in every case. A 25 cent bottle will cure new coughs and colds; the 50 cent size is better for settled coughs of bronchitis and weak lungs; the one dollar size is more economical for chronic cases and consumption. It's the size you should keep on hand.

"All families ought to be on the watch for sudden attacks of croup or acute lung troubles. Every country home in the land should keep Ayer's Cherry Pectoral constantly on hand to provide against an emergency." J. C. Ayer & Co., Lowell, Mass. Dec. 14, 1898.

ANNOUNCEMENTS

We are authorized to announce
Chesley Payne,
as a candidate for Magistrate in the Fourth
district, subject to the action of the Repub-
lican party.

THE Cubans expect their gov-
ernment under the constitution to
go into effect in a short time and it
is believed, that the United States
doesn't see the matter just in that
light, and of course serious trouble
may result. Do we mean to prove
to the world that the promises
made to, and the agreements, com-
pacts, etc. made with a weaker
power are all to be disregarded at our
option, the rights of the weaker
power not being considered? Is
this the kind of government found-
ed by Washington, Jefferson,
Adams and other founders of our
Republic? Is this Republicanism,
or Democracy, or is it despotism?
No man would dare have the au-
dacity to contend for one moment
that our forefathers ever intended
for this government to arbitrarily
take the rights away from any peo-
ple beneath the sun. But are we
not doing it? Is not our govern-
ment drifting toward a monarchy
as fast as the wheels of time can
carry us? Who knows, if a halt is
not called? but the next generation
will witness the final overthrow of
Republican institutions in the
United States.

It won't do to let the road ques-
tion die out in this county; a start
has been made, and what ground
has been gained must never fall
back into the hands of the enemy.
This matter is of far more impor-
tance to us in this county than the
Nicaraguan canal, or the passage
of the Ship Subsidy Bill. There is
no politics in this question, it is
something in which, Democrat as
well as Republican, rich as well as
poor, black as well as white is in-
terested. All the friends of im-
provement should fall in line and
fight this thing to a successful
finish.

THE Powers have had two Chi-
nese, Chih Sin and Hsu Cheng Yu,
beheaded for their participation in
the late insurrection over there,
and some are not yet satisfied, but
want more blood. Is this the way to
teach a heathen people morality
and Christianity? This is the
method employed by Mohammed
when the people refused to accept
his religion. Would the Lowly
Nazarene, if here, sanction the ac-
tion of the Powers?

ADMIRAL SAMUELSON is very bi-
terly opposed to the promotion of
enlisted men to commissioned rank
in the navy. He says it would give
them the same social standing as
other officers, which might not re-
sult to the credit of the navy. If
we are not mistaken, some of the
greatest leaders we ever had on
land or water, came from the en-
listed men.

Gov. BECKHAM pardoned Ed
Alvey and Paddy Miles, the former
of whom had been convicted, and
the latter had been arraigned, for
gambling in Louisville, because
they were convicted, the Governor says
he believes, was secured by perju-
ry and subordination of perjury.

At Onyx, thirty-one hundred
and forty miles south of Cairo,
Egypt, a large part of the gospel
of St. Matthew was found, dating
from one hundred and fifty to two
hundred A. D.

A NEGRO was swung up over in
Indiana for killing Miss Ida Fink-
elstein, and then his body was
burned. How quickly those North-
ern people adopt Southern ideas in
this regard.

LIVINGSTON

(HALL OF SORROW.)

Dear Editor: Please excuse me
for not sending in my letter last
week—as I have been very busy for
the past week, watching others
while they laid in peaceful slumber
and I had nothing to do for three
days and nights but keep them
warm and brush off the flies.

Messrs. Holtzclaw and Key are
holding a very successful meeting
at the Calloway church.

Messrs. Blankenship and Mullins
have added a fine line of groceries
to their business, and have one of
the finest places in town.

Russ Dillion, of this place, has
gone to Lincoln to take charge of
the J. H. Tucker farm. We are
sorry to lose him.

While I am seated in the Hall of
Sorrow, 'there are others' in a
sorrowful mood. The Parson has
been sorrowful for some time—and
has become desperate and thinks of
going after—or to Quail.

What is the matter with Bur-
head Buck, of "Possum Holler"?
Does he think that because I miss
sending in a letter, that he can do
the same. I do hope that his wife
will stick a pin in him the next
time he fails to write.

Ed. I wish you could have been
here last week, and have seen
Squire Ballard on the bench. Oh
my—he did look so wise, (like an
owl,) but the gentleman, who un-
dertook to write the name of an-
other to a check, did not know who
he had run up against. "Good for
you Matt."

Our city is proud of its artist,
Mrs. Ida Raines, who invited
"Stub" to examine some of her
work, done in crayon, which is
equal to any work we have seen.
Her work is as fine as the work
done in ink by Miss Donna Kinkle,
who, it is claimed, is the finest ar-
tist in the country.

I do wonder what that corres-
pondent, who is writing those fine
letters to the Stanford I. J. wants to
borrow,—now see here Jim, don't
do that! it might cause my head to
enlarge and I have but one hat.
"Thanks" when you come down
we will blow the frost off a cork or
two. ("not Peak".)

Dr. Lucas, our dentist and Chair-
man of the City Board, is one of
the most energetic men we have
ever known, and a great man at
the wheel of progress in Living-
ston. Mrs. Raines, the wife of
Judge Raines has been very ill this
week, but is now much better. Mr.
Mr. C. H. Burnes (whiskers) has
gone to Stanford for a few days.
Mr. T. Griffin, who was injured at
Parkville, is now able to walk
without the aid of a crutch. Wm.
Fields was with us last week and
reports that another young lady
had engaged regular board at his
home in Lincoln, the mother doing
fine. W. C. Mullins was in Hazel
Patch this week on business. G.
W. Griffin is home from his mill in
Laurel. Mr. C. B. Day, of Cin-
cinnati, is with Bowman & Cock-
rell, taking up lumber. John
Brown, of Mt. Vernon, was in the
city this week.

STUB.

NIGHT WAS HER TERROR.
"I would cough nearly all night
long," writes Mrs. Chas. Apple-
gate, of Alexandria, Ind., "and
could hardly get any sleep." I had
consumption so bad that if I walk-
ed a block I would cough frightful-
ly and spit blood, but, when all
other medicines failed, three \$1.00
bottles of Dr. King's New Discov-
ery wholly cured me, and I gained
38 pounds." It's absolutely guar-
anteed to cure Coughs, Colds, La-
Grippe, Bronchitis and all Throat
and Lung Troubles. Price 50c
and \$1.00. Trial bottles free at
all Druggists drug store.

ORLANDO

Our candidate passed through
here Wednesday en route to Mt.
Vernon; there was a lot of them too.

J. L. Ball is on the sick list.

Tip Langford is taking out a cut
near Sinks. Tip is an excellent rail-
roader, a good man and is worthy
of consideration in the Jailors race.

Mrs. David Laswell is very sick.

Born, to the wife of Joe Hensly
on Tuesday a girl.

Dr. Childress was up from Liv-
ingston during the week, on pro-
fessional business.

Abe Evans has bought of Wm.
Fabin, a part of the Chestnut farm,
the consideration was \$155.00

B. H. Ball is building a new
dwelling in town.

Our coal miners have suspended
operation for the present, but the
prospecting is going on steadily.

Harvey Chenault is here looking
after his interest in the Big Hill
Mining Co's lands.

Geo. T. Johnson was in Rich-
mond on business Wednesday.

Mrs. Henry Owens is on the
sick list this week.

Uncle Jas. Troxel, who has been
confined to his room for some time
with rheumatism, is slightly im-
proved.

O. E. Gipson, our home candi-
date for county judge is in fine
running shape and will make a
strong pull for that small slice of
political honor.

Capt. Elliot, who has been do-
ing some surveying here, left for
the south Wednesday morning.

George Townsend moved to
Langford a few days since.

F. P. Robinson was at Langford
Tuesday.

Rev. Wm. Williams is helping
with a revival meeting at Langford
this week.

Some things wrong about our
town, we don't know how it is,
but sidewalks and graded streets
don't come along very swift. The
only piece of walk in town is plank,
and not over twenty yards long,
leading from the railroad over to
Johnson's store. It is new and
substantial and might be considered
one step in direction of public en-
terprise.

LOUISVILLE, KY.,

Feb. 18th, 1901.

DEAR EDITOR: I desire to ex-
tend my sympathy, and offer a
word of consolation to the parents
and brothers of Willie Henderson,
that noble and generous-hearted
young man, who recently passed
away.

While not a relative, to me, he
seemed almost like a brother, and
no one outside of his immediate
family feels the loss more than I.

He was as universally liked as
he was known. For him, his fam-
ily and friends predicted a bright
future, but death has claimed him
for its own, and Rockcastle has lost
one of its brightest teachers and
noblest sons.

Could he have been conscious at
death, I believe he could have said,
"I've tried to do my duty, I am
not afraid to die."

It is sad indeed to see one just
blossoming into manhood, with pros-
pects so bright, removed from
earth just as his star of success be-
gins to rise. But after all it may
be best. We are taught that
"from the mysterious tree of life,
buds and blossoms fall with the
ripening fruit."

We all must die. It is only a
question of time. Every beat of
the heart, every tick of the clock,
some one passes into that untried
eternity.

This world is becoming one vast
cemetery. Those who dwell upon
its surface are but few compared to
those who sleep beneath its bosom.

Our life may be compared to a
vapor that passes away before the
morning sun, or like a bubble that
bursts upon the surface, and after
a short undulation is no more for-
ever.

And after all this, life is merely a
place of preparation, and we would

say to those to whom Willie was
most dear, that they have the con-
solation of knowing that his life
was well spent, and there is noth-
ing to regret upon their part.

May God in his Infinite Mercy
and Goodness console the bereaved
ones.

Willie's friend,
S. F. BROWN.

BRODHEAD

Mr. Iop McCall, of Maretburg,
was here Tuesday.

Mr. B. N. Roller, master of trains
was here Tuesday.

Mr. J. T. Roberts, of Lincoln,
was in our town Tuesday.

Mr. Tom Baker, of Wildie, was
here Saturday electioneering.

Mr. Will Hysinger, a prominent
farmer, was in town Tuesday.

Messrs John and Charles Pike
have gone to Louisville to work.

Mr. Tom Stewart, the lumber
man, was over from Wildie Satur-
day.

Rev. Livingston filled his ap-
pointment at the Christian church
Sunday.

Mr. J. L. Robins and son Roy,
went to Mt. Vernon Saturday, on
business.

Mrs. Sallie Vermillion, of Dan-
ville, is visiting her mother Mrs.
W. G. Tharp.

Miss Lizzie Owens is visiting
Miss May Roberts of Freedom
neighborhood this week.

Mr. Turpin and wife are visiting
their daughters, Mesdames Tate
and Albright of this place.

Mr. Burg Farris has sold his
mill to Messrs John Carson, Charles
Johnson and Logan Cash.

That's right editor, don't allow
"Buck Varnon" and "Stub" so
many weeks off, keep them busy.

We understand, that Mr. J. T.
Roberts, of Lincoln, has sold his
land at this place to Mr. T. C.
Johnson.

Mr. E. S. Albright, the hustling
editor of the Signal, was here Sat-
urday and of course his many
friends were glad to see him.

From the maneuvering, of the
young folks here, it seems as if
some of them at least, have con-
cluded that the best of friends must
part.

It's Easy To Take

Thin, pale, anæmic girls
need a fatty food to enrich
their blood, give color to
their cheeks and restore their
health and strength. It is
safe to say that they nearly
all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL

is exactly what they require;
it not only gives them the im-
portant element (cod-liver oil)
in a palatable and easily di-
gested form, but also the hypo-
phosphites which are so valua-
ble in nervous disorders that
usually accompany anæmia.

SCOTT'S EMULSION is a
fatty food that is more easily
digested than any other form
of fat. A certain amount of
flesh is necessary for health.
You can get it in this way.

We have known per-
sons to gain a pound a
day while taking it.

A MESSAGE OF DEATH!

A dear friend has passed away, one
who might have been saved had she
taken your advice—had she done what
so many thousands of other women
have done, who to say the least the most
wonderful of all medicines, allayed with
pain, all resulting from simple neglect
of those diseases which come to so
many women. Had she taken your
advice and used

G. F. P. (GERSTLE'S) FEMALE PANACEA

she would be today a well and happy woman. Every woman
should know of G. F. P.—the one great remedy that invariably cures.
MRS. RICE'S HUSBAND WRITES:
"One year ago my wife was suffering badly with Leucorrhoea or Whites and our family phy-
sician did her no good. I then commenced to give her G. F. P. Gerstle's Female Panacea and
before the first bottle was half used she began improving and four bottles cured her sound
and well. We now have one of the finest, healthiest baby boys in the country. The doctor con-
firms, she did not suffer one month past the pain and distress that she did with her other ailment,
because she took G. F. P. for some time before and after confinement."

BESSIE BETHURUM

Sickness has been in our midst and the cradle song of Mr. and Mrs. L. W. Bethurum has been changed into a funeral dirge. Their only child, Bessie, age 26 months, died last Friday and was buried Saturday after beautiful and touching services by Mr. W. H. Cox at the family residence. Thursday afternoon while Mr. Bethurum was engaged in the Sayers will case, the announcement of the serious illness of his baby came. It was a sad message indeed, for he was greatly devoted to this little heart charmer. As he and his wife watched the life of little Bessie ebb away the suffering was almost greater than they could bear and filled their souls with utter wretchedness. A child dies only once, but in watching its death, the parents die a hundred times. Every infant comes into the world, like a delegated prophet, the harbinger and herald of good tidings, whose office it is to make glad the hearts of its parents and well did Bessie do that. There is sadness in their home because the prattling voice, the tender embraces and affectionate kisses of this brief sojourner are no more save in memory. The parents are sorrowful because a sweet treasure has been taken away; yet they should be joyful because that sweet jewel glitters in the diadem of the redeemed.

HON. J. K. MCCLARY DEAD.

At 1:40 o'clock Monday afternoon, surrounded by his son and daughter, several relatives and a few devoted friends, Hon. John K. McClary ceased to live, and the soul of this big brained man passed behind the veil and made its entry in to the realms of that unknown world. After a long and lingering illness, during which the fatal malady of which he was the victim made steady and relentless progress, the end came quietly and peacefully. Funeral services were held the next morning by Dr. Ewers.

In youth, as in manhood, one of his most striking characteristics was his firmness and unconquerable determination of purpose which rapidly developed his character and filled him at an early age to grapple successfully with the stern duties of practical life. He was born in April 1834; was deputy sheriff under David M. Lewis; elected to the legislature for one term defeating W. A. Brooks. He then associated himself with Ben H.

man in the practice of law and afterwards was Master Commissioner under Judge W. H. Randall and Judge Morrow. During his services as Commissioner he always took two receipts for the payment of money, one of which he would file with the papers of the case and the other he would mark with red ink and retain so that, in case the receipt, which he had filed away, should get destroyed, he would have the duplicate and in many instances prevent trouble, that might arise. From '67 to the fall of '69 he and D. N. Williams sold goods on the State road at the old James Houk place. He then went to Lynn Camp, Knox county, where he and Mr. J. L. Joplin sold goods for a short time. When Berea college was first founded by John G. Fee, Mr. McClary was the first to enter from this county.

Soon a meeting, of all the students, was called for the purpose of drafting some resolutions, to be given the board of directors, stating that if the colored people were not removed from the school, that the white students would all leave. The resolutions signed by all the students were presented, but all of no effect. Mr. McClary was the only one to leave the school. This we give only to show his firmness and how closely he tried to carry out any resolve that he made. In 1875 he married Miss Mollie Fish, second daughter of Judge J. B. Fish, who has been dead five years. They had only two children W. F. and Miss Margaret. He leaves three sisters, Mrs. W. P. Hiatt, Mrs. Perander Hiatt and Mrs. Lee Andrew Houk, of Jamestown, Ind. and two brothers, W. C. McClary, of Kansas City, Mo., and Mr. A. K. McClary of this county. He never joined any church but God in his mercy accorded him the time during his long, continued illness to regulate the affairs of his conscience.

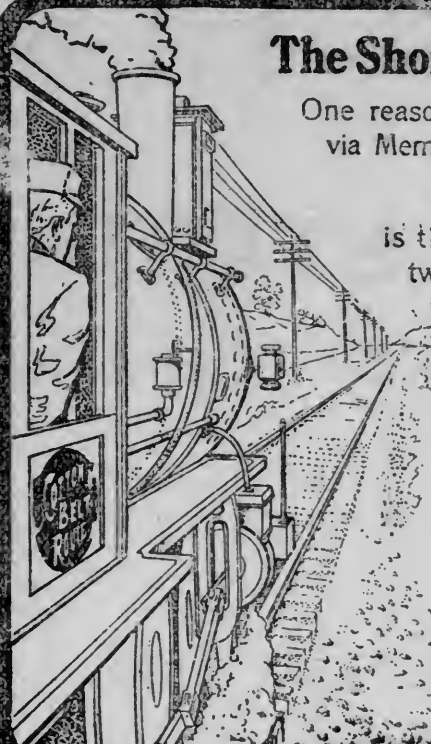

In all the changing scenes of his eventful life, in storm and sunshine, his manly spirit faced with fearless front whatever chanced.

He had not walked for over fifteen years having been a victim of rheumatism for years. His lower limbs were greatly drawn as were his hands. He felt a kinship in the whole human race and lived a sharer in its sorrows as well as its joys. In this life he knew no fear and when he faced the last and grandest test to which the soul of man is ever put, and heard death's footfall nearing fast in plainly marked approach, he met him with the unblanched cheek of perfect fearlessness. The summons came at last to tread the unknown pathways of "further shore;" obedient to its mandate, no knightlier, braver spirit ever passed into the realms of death.

The Shortest Route to Texas.

One reason why travelers to Texas go via Memphis and the

Cotton Belt Route,

is that the Cotton Belt is from twenty-five to fifty miles shorter than other routes. This saving in distance makes a corresponding saving in time.

Cotton Belt trains carry Pullman Sleepers at night, Parlor Cars during the day and Free Chair Cars both day and night.

Write and tell us where you are going and when you will leave, and we will tell you the exact cost of a ticket and send you a complete schedule for the trip. We will also send you an interesting little book, "A Trip to Texas."
